LITTLE
HOP

Hello artists!

We change our exhibitions on the 15th of every month.

Please come to have a look at the space.

Work should be framed. You're responsible for hanging the work and taking it down, ready for the next artist and ensuring as far as possible that the walls aren't damaged, and nails you've put into the walls are taken out etc. We'll arrange times with you. We'd like you to hang/decant your exhibition at quiet pub times – not a busy evening! Bring nails, hammer, Bluetak etc.

When a customer asks to buy one of your artworks we are able to take cash payment only. They will be able to take the artwork with them. If you would prefer a customer not to pay / take art from the wall please specify on each artwork's label. Please bring a labelled cash tin so we can keep your sales money separate.

A small label should be displayed close to each artwork with: your name, title of the artwork (if it has one), price (or 'not for sale'), your contact details, any additional information such as 'limited edition', and media, and if you want the customer to contact you to buy the piece, or for them to buy it online (see above)

We do not take responsibility for any accidental damage to your work. It's a public space and staff are always present – up to you whether you take out insurance on your work.

Artists do not pay to exhibit, and we don't ask for commission.

We do ask that you promote your exhibition on social media, making sure to tag us – Instagram: @thelittlehopswindon, and Facebook: @thelittlehop – and message us a copy of your graphic with text information so we can do the same.

If you'd like to exhibit your work...

Please contact us through **Instagram** or **Facebook** with a couple of examples of your work, or a web link – or just pop in to the pub. All local artists and groups are welcome to exhibit, including charity and therapeutic groups. We aim to exhibit a variety of styles, media, subject matter etc, and will base invitations to exhibit on recent and scheduled future exhibitions.
